LEADERS IN CLOSING THE SKILLS GAP

Dear Staff/Stakeholders

On behalf of the Accounting Authority, I am pleased to announce the appointment of Mr Wayne Adams as the Chief Executive Officer of the Manufacturing, Engineering and Related Services SETA from 1 November 2020.

Mr Adams has been active in the skills development arena since 1997, first as a Senior Advisor on Quality within the Corporate Human Resource Division of Eskom. He was then seconded by Eskom to assist in the set-up of the ETQA division within the Energy SETA.

He held the position of ETQA Manager for the Transport SETA from 2000 to 2005, until his current employment with merSETA.

He was appointed Chief Operations Officer of the merSETA in October 2008. Mr Adams was previously General Manager for the merSETA LETQA division, responsible for, among other things, the quality of education and training in the manufacturing sector.

The Accounting Authority has full trust in Mr Adams, knowing that he will take the merSETA to greater heights.

Ms Kate Moloto
Accounting Authority Chairperson
